ONE-BCM: Menu in LIGHTHOUSE & Important BCM Notes - FYI

Dear Manager,

We thank you from the Global Business Continuity Team (ISG) for your continuous support and engagement with us for the Business Continuity Management Initiatives and Activities.

We are sharing here a few quick notes to help you succeed in exhibiting business continuity plans and associated results.

1. It is vital for the Lighthouse business continuity plan to be adequately documented, tested, and signed off as a living document.
2. Participation in the mechanized call tree corporate tests is important for all team members. The mechanized call tree email with a survey link from the system id: calltree@techmahindra.com enables the people safety and availability acknowledgement. Please orient your team and encourage them to participate. It helps you as the project manager and BCP/DR Plan rep.
3. As you are aware, the ONE BCM menu helps you as the one place stop for all essential exhibits in Business Continuity during customer, auditor, assessor interactions.
4. You can also generate the fresh Project Roll Up plan to ensure the current plan is available.
5. Test / Drill results can be extracted using the option in ONEBCM. It is also important to respond to Check Point assessments before, during and after the event as an when potential disruptive events impact.
6. As a project manager it is important to schedule, execute the test, document learning, risks for continuity of business in the project risk register with mitigation action plan.
7. The end-to-end business recovery exercise enables to project team to check recovery, all direct and indirect dependencies, access, and capability to recover and meet recovery time objectives and minimum operating levels as a continuous activity. The schedule will be received by the project managers from the Lighthouse system as always. Help aids are available in the GBC library to refer and download.
8. The Mechanized Call Tests through ENS (Emergency Notification System) and POSTMAN can be extracted for the respective project.
9. The acceptable usage policy shall be followed during normal operations as well as during business continuity events and disruptions.
10. Please browse the Business Continuity Section in the ISG Intranet Website (<https://isg.techmahindra.com/Bcp.aspx>) to engage your team as a Business Continuity Awareness initiative by you as the BCP Plan Rep / BCP owner / Project manager.

We wish you all the best and keep improving your continuity plan for highly resilient business.

Take care, be safe, and be ready with your documented, tested Lighthouse Business Continuity & DR Plan. People safety is 1st in Business Continuity.

9th Feb 24, ONE-BCM Mailer

Focused BCP Session For DOMESTIC Project Managers - Event instance

Wed 6/5/2024 4:00 PM - 4:45 PM

Microsoft Teams Meeting

Hi Everyone,

For the past few days, Pankaj and I have been discussing the BCP requirement & we realized that our DOM PM needs a focused session on BCP.

We have reached out to our central BCP team internally and we have come to a conclusion in organizing a dedicated session for DOMESTIC PMs with Shivani, who is a member of central BCP team.

We kindly request your full participation. If your team members are taking care of BCP completion over LIGHTHOUSE, please forward this invitation to them as well.

PM details as per PACE data-

EMPLOYEE_IBU	PROJECT_DESCRIPTION	PM_NAME
	Adani Electricity	Kumar Vishwakarma,Mahendra

RE: Strengthen the BCP through MOU documentation. Confidential - Internal Use

Dear Manager,

Important Note: This mail is neither spam nor unsolicited. In case you wish to seek an answer to your query please write back to Shivani Dalvi or just reply to this email.

Thank you for your support in responding to events.

The Memorandum of Understanding (MOU) for IT (Service support, Data backup & restore as well as ICT/Systems DR) is an essential component of BCP/DR .

The MOU for Facilities services (Transportation, Food and Beverage, Stationary, Travel, Lodging and Boarding and associated Non-IT services) is critical during testing / crisis recovery.

These MOU's enable you to respond, recover and meet your Recovery Time Objective (RTO) and Recovery Point Objective (RPO).

You may download the Help-aid from the link below & complete the action.
<https://isg.techmahindra.com/Bcp-MOU-VITA-RECORDS.aspx>

Best Regards,
Shivani Dalvi

TECH mahindra

Dear Manager,

Important Note: This mail is neither spam nor unsolicited. In case you wish to seek an answer to your query please write back to Shivani Dalvi or just reply to this email.

Thank you for your support in responding to events.

The Memorandum of Understanding (MOU) for IT (Service support, Data backup & restore as well as ICT/Systems DR) is an essential component of BCP/DR .

The MOU for Facilities services (Transportation, Food and Beverage, Stationary, Travel, Lodging and Boarding and associated Non-IT services) is critical during testing / crisis recovery.

These MOU's enable you to respond, recover and meet your Recovery Time Objective (RTO) and Recovery Point Objective (RPO).

You may download the Help-aid from the link below & complete the action.
<https://isg.techmahindra.com/Bcp-MOU-VITA-RECORDS.aspx>

Best Regards,
Shivani Dalvi

Microsoft Teams Meeting

Dear All,

Please be informed that we were only performing "Call test drill" during and post Covid, however now we have initiated "Business Recovery drill" effective this year.

The drill has already been scheduled and showing pending for your respective projects; Hence, we have scheduled a training session covering the process and any queries in regard to the drill.

Kindly ensure to attend the session and cascade to any other SPOC who is responsible for conducting this drill.

Please treat this email as very important and for any further clarification, coordinate with ISG BCP REVIEWER team on- ISGBCPREVIEWER@TechMahindra.com
